## Objective

A dedicated Software Engineering student seeking a summer internship to take on challenges and foster growth.

## Education

Iowa State University  
*Pursuing a Bachelor of Science in Software Engineering*  
GPA: 3.36 / 4.0

Ames, Iowa  
Aug. 2024 - May 2028

North High School  
GPA: 3.98 / 4.0  
*Dual-Enrollment earning 22 credits*

Sioux City, Iowa  
Aug. 2020 - May 2024

## Experience

Babysitter  
*Self-Employed*

Sioux City, Iowa  
*Apr. 2020 - Aug. 2020*

- Provided reliable babysitting services to family and friends during the COVID-19 pandemic.
- Ensured children were fed, supervised, and remained safe at all times.
- Develop patience and adaptability in challenging circumstances.

## Involvement

Vietnamese Student Association (VSA)  
*Member*

- Actively attended general body meetings (GBMs) to engage with peers and develop a stronger connection to cultural identity.
- Fostered meaningful connections with other members, contributing to a welcoming and inclusive community
- Strengthened communication skills by interacting with others and building meaningful connections.

Concession Stand Volunteer  
*Star Fest Annual Event*

- Provided fast and efficient food service to customers at a large-scale annual event.
- Oversaw food preparation, ensuring consistent portion sizes for all customers.
- Gained experience working in a fast-paced environment and effectively communicating with team members.

## Relevant Coursework

Iowa State University  
*SE 1850 — Problem Solving In Software Engineering*

- Develop a foundational understanding of C programming and the core concept of programming
- Worked and collaborated with peers on laboratory assignments, honing critical thinking and teamwork skills.

*COMS 2270 — Object-oriented Programming*

- Develop a foundational understanding of Java and learned best coding practices.

## Skills

- *Languages:* English (Proficient), Vietnamese (Limited working proficiency)
- *Programming:* C (Basic proficiency), HTML/CSS
